Open Burn Vegetative Waste Conditions
Page 2 (Back side)

1. Permission to burn in no way relieves the permit tee of their obligation to comply with any other local, county, state, or federal regulation.
2. This application becomes the Burn Permit once signed by the designated Department of Natural Resources representative. Before any burning takes place, the permit tee must submit to the Department of Natural Resources Regional Office, a completed application signed by a representative of the local Fire Agency.
3. A representative/ employee of the permit tee shall be present during all burning to ensure compliance with this permit and to make certain the fire is out by 30 minutes before sunset.
4. Only tree trunks, tree limbs, leaves and brush originating on the site may be burned.
5. Distance from the burn location to the nearest occupied structure except applicants own must be at least 200 yards.
6. Should a problem arise from the opening burning such as a public health hazard, nuisance, or a hazard to vehicular or air traffic the permit tee must correct the problem immediately.
7. This permit is effective for 60 days from the date of issuance.
8. This permit may be revoked immediately for failure to fully comply with any of the conditions and restrictions.
9. The permit tee shall notify the Fire agency 816-331-3008 and ask for **Fire Marshal** or **Shift Commander** each and every day before the burn will begin. Burn bans are issued on a daily basis depending on wind and weather conditions.
10. Any other permits required by the State of Missouri Department of Natural Resources must be applied for and obtained. Failure to do so may result in the termination of this permit. Please contact your local MO—DNR office at 816-622-7000 regarding any other permitting requirements.
11. Permittee authorizes the MO-DNR and or Fire Agency to enter the site location at any time during the term of this permit for inspections/permit compliance determination. If this permit is revoked a full application must be resubmitted.
12. Permit extension may be extended if the permit extension is requested before the expiration date as listed on the permit.
